Re: Site Development Permit
SDP20-0001 - Issaquah High School 4 & Elementary School 17 - 1R
Tax Parcel # 1624069001

Dear Ms. Angie Aldrich:

The District has reviewed the building permit submittal information received on October 16, 2020 for the subject project for conformance with the District's standards. The District does have a Developer Extension Agreement (DEA) with Issaquah School District and has not yet received the water and sewer construction plans. However, we had a Pre-Design meeting with their engineer, AHBL, to discuss the District's requirements.

Since AHBL has not seen the District's 8/19/2020 COM20-001 review letter, none of the issues have been addressed. Therefore we have forwarded our letter to them for their use in any necessary revisions.

At this time, the District doesn't have any issues with the City's approval of the permit. If you have any questions, please feel free to contact me at 425-295-3217.

Sincerely,

A handwritten signature in black ink, appearing to read "James E. Konigsfeld", is written over a horizontal line.

James E. Konigsfeld, P.E.
Principal Engineer
